7. Permanent Address: P.O. Box 525
Bingham Canyon, Utah 84006-0525
8. Company Representative (or designated operator):
Name: Frederick D. Fox
Title: Director, Environmental Affairs
Address: P.O. Box 525, Bingham Canyon, UT 84006-0525
Phone: 801-569-6555

— Please check if any of the above information has changed since previous year.

II. MINING AND RECLAMATION

1. Was the mine active during the past year? Yes No X
2. If active, how much ore or mineral was mined? Not Active
3. How much new or additional acreage was affected during this year?
There has not been any disturbance of previously undisturbed land
during this reporting period.
4. Briefly describe any new or additional surface disturbances that occurred during the past year. This description should include the type of work performed, and volume of material moved.

The North Perimeter Property was purchased by Kennecott Utah Copper Corporation in September 1991. No new or additional disturbance has occurred on this property during the reporting period.
5. How much acreage was reclaimed during past year? No new reclamation
6. Briefly describe the reclamation work performed during the past year. This description should include methods employed, and an evaluation of the results.

No new reclamation.
7. What is the total disturbed acreage at years end? 2500 acres
8. Briefly summarize mining and reclamation planned for the upcoming year?

Kennecott Utah Copper Corporation plans to utilize existing salt stockpiles for internal road deicing on KUC property. The remaining salt stockpiles will be donated to the Salt Lake County Road Maintenance Department. No long term reclamation activities are planned for this site during 1994. Interim reclamation with annual cover crops and/or application of chemical dust control amendments may be conducted in selected areas to minimize potential generation of fugitive dust.

NOTE: Section III., "Additional Information" applies only to large mining operations.

III. ADDITIONAL INFORMATION

1. An updated surface facilities map should be attached if there have been significant changes since the previous map was submitted.

During 1993 the structures comprising the office, warehouse, and manufacturing facilities of the previous owner (Morton Salt Co.) were demolished and removed. All structural steel, transite pipe and siding, asbestos insulation, transformers and potentially deleterious waste materials were hauled off site and either recycled or disposed in an approved manner. Miscellaneous demolition debris consisting of clean wood, asphalt, concrete, and fiberglass reinforced plastic was buried on-site. The demolition and removal of the old "Morton Salt Co." facilities did not warrant any significant changes to the maps included in the original NOI submittal. See North Perimeter Area NOI, submittal date 12/92, Exhibit 1 - Base and Property Map.

2. Any monitoring results or other reports that are required under the terms of the approved Notice of intention should also be attached.
